Dünyanın en yaygın ve en sevilen oyunlarından biri olan **TAVLA...**
Yüzlerce yıldır bu toprakların hem keyfi hem eğlencesi olmayı sürdürüyor.

İki ayrı gücün savaşını temsil eden, iki rakibin, gündüzle gecenin, siyahla beyazın mücadelesini anlatan tavla, karşılıklı uyum ve değişmez kurallar üzerine kuruludur.

Eşit güçlerin, eşit şartlardaki mücadelesidir bu oyunu güzel ve kalıcı kılan.

Oyunun galibini, 4500'e yakın olasılık içinden en iyi hamleleri seçen ve elbette şansı simgeleyen zarlar belirler.
Tıpkı yaşamda olduğu gibi; bilgeliğe eşlik eden şansın önünde hiçbir güç duramaz.

**Bizce tavlanın tarihçesini bilmeniz gerekir;**
Tavla; zaman kavramından alınan ilham ile icat edilen bir oyundur ve çeşitli imgeler taşır.

- Senenin birliği olarak tavla bir tanedir.
- **4** köşesi **4** mevsimi temsil eder.
- Tavlanın içindeki karşılıklı **6**'şar hane; **12** ayı temsil eder.
- Pulların toplamı ayın **30** gününü, açık ve koyu renk pullar gece ile gündüzü simgeler.
- Karşılıklı **12**'şer hane; günün **24** saatidir.

**Hiç merak ettiniz mi, tavlayı kim icat etmiştir?**

Eski zamanlarda Hint İmparatoru, ahşaptan yapılmış satranç oyununu Pers İmparatoruna, yanında bir mektupla hediye olarak göndermiş. Mektubunda, oyunla ilgili hiçbir açıklama yapmazken şöyle bir mesaj yazmış;

**Kim daha çok düşünüyor,**
**kim daha iyi biliyor,**
**kim daha ileriyi görüyor ise o kazanır.**
**İşte hayat budur.**

Pers İmparatoru, döneminin en alim veziri olan **BÜZUR MEHİR** ile bu mesajı paylaşarak, ondan oyunu çözmesini ve kendisinin de karşılık olarak Hint İmparatoruna hediye edilmek üzere başka bir oyun icat etmesini ister. Vezir haftalarca çalıştıktan sonra, gönderilen satrancın her taşının hareketlerini ve oyunun stratejisini çözer, daha sonra da 10 günde "Tavla'yı icat eder ve imparatora sunar." Pers İmparatoru'da, Hint İmparatoruna tavla oyunuyla birlikte gönderilmek üzere şöyle bir mesaj yazar;

**Evet, kim daha çok düşünüyor,**
**kim daha iyi biliyor,**
**kim daha ileriyi görüyor ise o kazanır.**
**Ama biraz da şanstır.**
**İşte hayat budur.**
